Welcome!

Thank you for choosing Dr. Vijaya Radhakrishna & Associates for your child's care. We greatly appreciate the trust you have placed in us and look forward to developing a long and healthy relationship with you and your child(ren). We take care of our patients with personalized and dedicated care. From newborns to age twenty one, our practice provides preventive care, sickness care and specialization in disorders like asthma, ADD/ADHD, nutritional disorders, travel related advice and many more.

At both locations we have highly qualified and well-respected pediatricians on staff to care for your child(ren) - Dr. Lovely Mathew, Dr. Amy Shah, Dr. Namrata Reddy, and of course Dr. Vijaya Radhakrishna. Our dedicated staff along with our registered nurses, Kathy at Piscataway and Sara in East Brunswick, are both eager to help you with questions relating to your child's health and address any concerns. Services such as nutritional guidance is offered at both locations with our dietician Andrea Berez. As well as a counseling with our licensed clinical psychologist, Dr. Lolalyn Clarke at our Piscataway office.

We look forward to meeting your family and working together to achieve your child's good health. If you have any questions now – or after you've become a part of our practice, please do not hesitate to call us.

Making Appointments

If you would like to make an appointment in either Piscataway or East Brunswick please make sure the staff is aware of your preferences.

Sick Visits

Appointments are available for same day sick visits. Call early as these do fill up quickly. Please call our offices for an appointment. Do not walk in. Cancellations need 24 hour notice.

Well Preventive care appointment

We strongly advise to make Well Visit appointments in advance. Especially for Saturday and/or evenings appointments.

Vaccination Visits

Visits for vaccinations only can be made on the same day or in advance.

Other appointments

Travel related visits are recommended 2-3 weeks before travel date. Especially if traveling to countries with typhoid and malaria risks.

Less urgent issues such as behavioral problems or any consultation visits may be scheduled in advance or on same day if there's availability.

Please Arrive On-Time We understand that your time is valuable. We make every effort to see all of our patients on time. Our schedules are full each day and we must leave enough room in our schedule to bring in sick children on the same day. If your appointment is missed or cancelled with less than 24 hour notice, consider that another child could have been seen at that time.

If possible, we encourage you to make weekday morning and early afternoon appointments. It will greatly cut down our wait time.

Night-time & Weekend Coverage

For after hours advice or concerns please call our answering service who will put you in touch with the doctor on-call at (732)-906-4480.
In case of an emergency please dial 911.
